

Dear Le Fournil Box Lunch Customer,

Please find attached a current Box Lunch Menu (in PDF) and a Microsoft Excel Spread Sheet form for ordering Delicious Box Lunches for your event! Please remember orders for Tuesdays must be received on the preceding Friday before noon, and all other orders require a minimum 24 hours advance notice, earlier notice is greatly appreciated by our staff.

Le Fournil has opted to use an Excel format to ensure that you have the most choices available to you. Using Excel allows us to use easy drop down menus for selecting up to 20 individual meal combinations! You can mix and match these meal combinations to create your perfect lunch event by simply entering the number of each lunch combination you need! If you need six Turkey and Swiss sandwiches with assorted pastries and drinks, two Tuna Sandwiches with Apple Tartes and Coca-Cola, and three Soup du Jour with fresh fruit and Diet Coke, it only takes a minute to enter the three meal combinations and select the appropriate numbers of each one!

There are numerous other reasons for using this form as well. First, the Excel format does the MATH FOR YOU! Second, you can save a lunch order and reuse it without having to keep a printed page! Third, saved lunch orders are EASY to modify. Forth, there is no handwriting, so you know your orders will get through clearly! Using this form also allows you to print a blank form and fill it in by hand if you find that easier!

When you compare this easy to use Le Fournil Box Lunch Order form to other lunch services, you will immediately appreciate the wide selection of products and the individualized attention to each meal combination that you can then provide to your party! Most other services give you ONLY a choice of entree, you get stuck with whatever side dishes they have laying around! Even worse, most of the time you get stuck with a small bottle of water...no choices there. In contrast, Le Fournil Box Lunches give you a selection from delicious entrees, desserts, and assorted drinks, in ANY combination!! (over 900 combinations are currently allowed!) Plus our drinks are "full sized" cans and plastic bottles (not the mini-waters you might be used to.) Too much choice? Maybe, but you always have the option of selecting just an entree and leaving the choice of sides and drinks up to our expert staff.

We are also happy to accommodate larger orders (those exceeding 20 lunch combinations), just call us!

Thank you for selecting Le Fournil, Ltd. "A true French Bakery" as your host for lunch! Bon Appetite!
